It Ends With Us

## 2015 Advocacy Agenda

Systemic change is at the core of CAST's mission. CAST has a proven track record of developing innovative partnerships that effectively advocate for policies that work to end human trafficking and help survivors rebuild their lives. Drawing from over 15 years of direct experiences with survivors, CAST has catalyzed first-of-its-kind legislation and has won the respect and partnership of a diverse group of policy leaders. CAST's 2015 agenda includes initiatives at the federal, state and county level. CAST and our coalition of partners are committed to both policy advocacy and implementation.

### Federal Policy

- Reintroduce and pass The Strengthening the Child Welfare Response to Trafficking Act of 2014 [HR 4636, Bass (D) Marino (R)] to increase protections, resources and data tracking for trafficked children in the child welfare system and ensure that all trafficked youth are legally considered victims of child abuse and neglect and are eligible for appropriate services

- Ensure trafficking victims fleeing trafficking in other countries receive protection in the United States.
- Increase funding for services and law enforcement efforts to combat modern-day slavery in the U.S. and abroad for all trafficking survivors, men, women, and children, sex and labor, foreign national and US citizens.

  - Vacate convictions for all trafficked children and adults;
  - Create an affirmative defense for all crimes related to human trafficking for child and adult trafficking victims.

**3. To promote appropriate state agency implementation, CAST is working to:**
