Data Report: Outcomes for Graduated & All Closed Case Management Clients *Fiscal Year 2016-2017*

July 31, 2017

Data Report: Outcomes for Graduated and All Closed Case Management Clients | FY2016-2017

INTRODUCTION

The following is a data report on outcomes for clients that graduated from the CAST Case Management Program during Fiscal Year 2016-2017 (July 1, 2016 – June 30, 2017) and for all clients that closed during Fiscal Year 2016-2017. For all closed clients, reasons for closure include voluntary withdrawal from services, moving out of the service area (due to relocation, reunification with family, or repatriation), loss of contact, and graduation.

CAST Case Management Program

CAST has spent the last 19 years developing and implementing a comprehensive, trauma-informed and victim-centered Case Management Program for survivors of human trafficking. Utilizing an empowerment approach, CAST’s Case Management Program provides a coordinated continuum of care to meet the emergency response and long-term needs of all types of human trafficking survivors living in Los Angeles County, and is uniquely designed to respond to the diverse needs of each individual survivor. Utilizing a 13-point assessment tool, called the Survivor Outcomes Assessment, to ensure that the survivor’s needs are being met, case managers go the extra mile to assist survivors with the basic necessities, training, and support that is needed to move from crisis to thriving. In addition, case managers provide life skills training, supportive counseling, and advocacy.

OUTCOMES FOR GRADUATED CLIENTS DURING FY2016-2017

During FY2016-2017, the CAST Case Management program graduated 33 survivors of human trafficking. Of the 33 graduates, the average length of time in services was 22 months (1 year 10 months). The shortest time in services for a graduated client was 5 months and the longest time in services was 50 months (4 years 2 months).

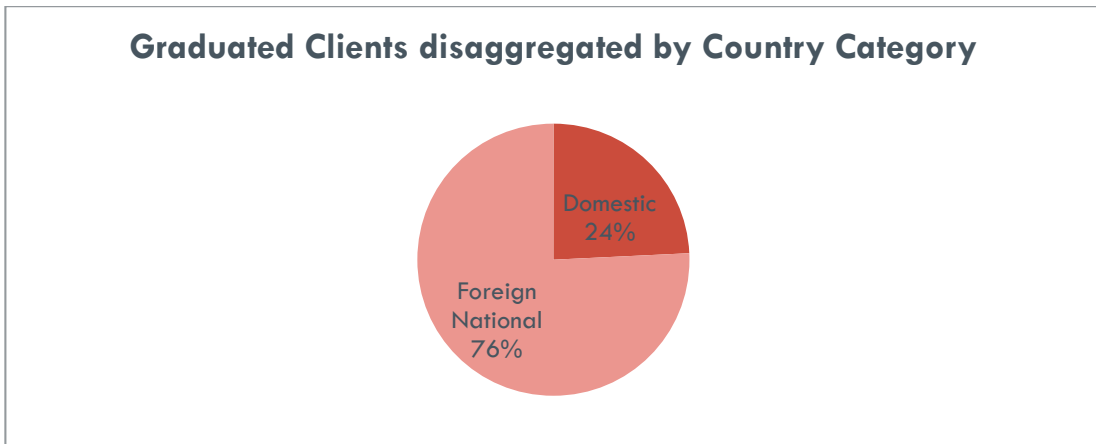

Of the 33 graduated clients in FY2016-2017, 3% (1) were minors at the time of graduation, 33% (11) were Transition-Age Youth (18-24), and 64% (21) were adults.

Of the 33 graduated clients in FY2016-2017, 67% (22) were trafficked for labor and 33% (11) were trafficked for sex.

Of the 33 graduated clients in FY2016-2017, 76% (25) were foreign nationals from countries including Canada, Guatemala, Honduras, Indonesia, Mexico, Nicaragua, Philippines, and Russia. 24% (8) were US Citizens/Legal Permanent Residents.

Of the 33 graduated clients in FY2016-2017, 52% (17) were female and 48% (16) were male.

Graduated Clients Disaggregated by Gender
